

THE DESPOT

TRUTH AND LIBERTY

WEDNESDAY, NOVEMBER 21, 1900. SALT LAKE CITY, UTAH.

NUMBER 1.

FIFTY-FIRST YEAR

THIRTY-SEVEN PEOPLE DEAD.

Result of the Great Tornado in Tennessee.

IN A TRACK OF DESOLATION

The storm spreads death and destruction everywhere—Wires down—Deaths are few.

St. Louis, Mo., Nov. 21.—A special to the Post-Dispatch, from Nashville, Tenn., says:

The killed in Columbia number fifteen white and 22 colored. The track of the storm was through Macedonia, a negro suburb. The main portion of the city was not struck. An ice factory in the suburbs was wrecked. Much damage was done in Maury county, of which adequate report is yet unavailable.

Considerable damage resulted at Martin's mill in the county of the same name. Several houses were blown down at Indian creek in that county. Twenty houses at Dallas, Ala., and Huntsville, were demolished, but no lives were lost.

In Williamson county near Franklin, Tenn., where the storm was particularly severe, and Mr. Little was destroyed and Mr. Little and Mrs. Hughes were badly hurt. At Boxley's store the storehouse was destroyed and three negroes killed.

PATH OF THE STORM.

Memphis, Tenn., Nov. 21.—Conductor Kibler, of the Granada accommodation train, on the Illinois Central railroad, which arrived here this morning, reports that the path of the storm was first reached at Dadesville, Miss., where considerable damage was done to property and several persons injured, but none fatally. There had been a heavy down-pour of rain all day. At 5:30 the storm burst in all its fury, and for a mile and one quarter on the west side of the railroad track the wind leveled every standing object in its way. At Guy's station, one mile south of Love station, Tolin Guy's mill and residence were destroyed. The inmates of the dwelling miraculously escaped injury. Two negroes in a cabin nearby were killed. The damage done at Love station was not serious. From that point the storm took a northwesterly course and the next place to feel its force was La Grange, Tenn.

The storm seems to have started from a point to the south of Tunica, Miss., and within a few miles of that place. Telegraphic communication has been temporarily paralyzed, but so far as known the casualties in Mississippi are four negroes killed near Lula; five negroes killed near Tunica, and one white man and one negro killed near Hernando, Miss. Hundreds of farm buildings, chiefly cabins, occupied by negroes, were destroyed, together with a number of school-houses and churches.

The damage to the cotton crop cannot yet be estimated. Up to 1 o'clock today, efforts to get information from LaGrange, Tenn., had not been successful.

WORK OF THE WIND.

Birmingham, Ala., Nov. 21.—At 1 p.m. news was received by long distance telephone from Columbia, Tenn., that the storm which swept near that place last night caused a loss of life in the vicinity of Columbia estimated at from 35 to 40. Most of these were negroes, about 12 or 14 only being white. The storm did not strike the town of Columbia proper, but swept over the district to the northwest of the place.

It is impossible to get a full list of killed or injured or details of the disaster as no wires are working in any direction. It is known that immense damage was done to farms and that hundreds of head of live stock were killed.

Heavy Storm in Tennessee.

Kansas City, Mo., Nov. 21.—The following telegram was received at the general offices of the Kansas City, Fort Scott and Memphis railroad in this city this morning from its Memphis representatives: "A very heavy rain-storm passed over Memphis this morning evening about dark. Two and eighty-five hundredths inches of water fell from 7 o'clock yesterday morning until midnight last night at Memphis and from 6 o'clock until 10 o'clock at Memphis. The storm struck La Grange, Tenn., forty-nine miles east of Memphis on the Southern railroad and destroyed property to an estimated value of \$35,000 or \$40,000. The storm caused the death of at least one person in that place and in vicinity, according to best information now obtainable. So far as have been able to learn there was no damage at any of our stations along our line through Memphis, beginning at Lula, Miss., a point fifty-five miles south of Memphis, on the Yazoo and Mississippi valley and through Batesville, Miss., a point about 100 miles south of Memphis, to the north-east through La Grange."

Wires All Down.

Memphis, Tenn., Nov. 21.—Telegraph and telephone wires are down along the line of the Illinois Central railroad between Memphis and Grenada, Miss., where is located the path of yesterday's storm. Consequently, news of the disaster can only be obtained from incoming trains and will be probably not available until late today.

Love's station, Miss., reports no one killed outright by the storm of yesterday afternoon in that vicinity. J. L. Doney was fatally injured by falling timbers. A dozen houses were wrecked and much other property damage done. The course of the storm was down the Coldwater river. There is no definite news of the effects along that stream at points distant from Coldwater.

A report arrived here at noon stated that four negroes were killed and hundreds of cabins on plantations near Lula, Miss., demolished. Five miles north of Tunica a cabin in which five negroes were assembled was wrecked and all of them killed. A school house, a church and a number of plantation houses in this locality were demolished.

A white man and a negro were killed six miles south of Hernando, Miss. Many plantation houses, a cotton gin and a church were destroyed. The names of the victims cannot be learned at this time.

Lives Lost.

Nashville, Tenn., Nov. 21.—The storm last night was the most destructive in many years. Two lives are reported lost

and much damage done at Laverque, sixteen miles from Nashville. At West Harpeth and Thompson's station a number were blown down. A child was killed at age last place. Two persons were killed and several fatally injured at Nolensville, Williamson county. It is reported a number of persons were killed in Maury county.

Near Nolensville, Miss., Nannie Hampton was killed. James Hampton was seriously injured and will probably die. Emma Hampton, Ernest Stephens and Miss Black Hampton were seriously injured. This is the first time in all directions. In this city the wind played havoc with chimneys, trees and plate glass windows. The temperature is falling rapidly.

Big Storm in Ohio.

Cleveland, O., Nov. 21.—A heavy westerly gale, which at times reached a velocity of sixty miles an hour, swept over northern Ohio today, prostrating telephone and telegraph wires in all directions. In this city the wind played havoc with chimneys, trees and plate glass windows. The temperature is falling rapidly.

Severe Storm in California.

San Francisco, Nov. 21.—A severe storm prevails over northern California and telegraphic communication with some points has been interrupted. The Southern Pacific company has ordered out its snow plows on the Central Pacific line. This is the first time in ten years that a November storm has made such an order necessary. Snow is falling from Colfax to Reno, and at the summit it is seven feet in depth and still falling heavily. So far traffic has not been interrupted.

'MORMONS' AND INDIANS.

Account of a Fight Between Them Greatly Exaggerated.

Phoenix, Ariz., Nov. 21.—A message received here today from the San Carlos reservation says that no Indians have left the reservation, contradicting the belief that the Apache band, which has been on the warpath in Mex., came down to the reservation. There are no indications of uneasiness among the San Carlos Apaches.

A dispatch from Casas Grande, Mexico, states that the fight reported there between "Mormons" and a band of Indians was grossly exaggerated. Near Colonia Pacheco, whites fired on a few wandering Indians who plundered eatables from a ranch house. One Indian is said to have been killed and another wounded.

Holland and China.

New York, Nov. 21.—A dispatch to the Herald from The Hague says: "The Dutch government was recently requested by the Chinese minister to take part in the negotiations with China. Its reply was to the effect that Holland had never been at war with China, but that she intended to demand reparation for anything that might have happened to the minister at Pekin, and also as soon as details of the damage were received for any loss caused to Dutch residents in the celestial empire."

The Dutch minister, who is still at Shanghai with his sister, Mr. Duijnsberg, has received orders to return to Pekin and forward particulars of the damage done by the Boxers.

Schalkburger's Death Discredited.

London, Nov. 21.—The reported death of Gen. Schalkburger, acting president of the Transvaal since Mr. Kruger's departure, is discredited here. There is a rumor that he died at Johannesburg November 20th, but the report lacks confirmation. Lord Roberts' dispatch from Johannesburg this morning does not mention the death of Gen. Schalkburger.

Six 'Buffs' Killed.

London, Nov. 21.—A long dispatch received from Lord Roberts today, refers to a number of minor occurrences. The only incident of importance is the surprise of an attempt of the "Buffs" to take part in the negotiations with China. Six of the "Buffs" were killed and five wounded. An officer and thirty men were made prisoners. The post has since been re-occupied.

A Lake Steamer Goes Down.

Cleveland, Ohio, Nov. 21.—Telephone message from Lorain, twenty-five miles west of this city, says the steamer St. Lawrence has gone down off that port and asking if the Cleveland life-saving crew be hurried to the scene. The wind was blowing sixty miles an hour when the message was received.

J. C. Echols' Sentence Commuted.

Phoenix, Ariz., Nov. 21.—Governor Murphy has commuted to four years the sentence of John C. Echols, who has served three years of a ten-year sentence. His imprisonment was the result of conviction for state robbery and the commission of a murder. Echols, who says he was the guilty party and arranged his plan for a suspicion fall on Echols.

BOND REFUNDING.

Secy. of the Treasury Orders Operations Suspended.

Washington, Nov. 21.—The secretary of the treasury has issued a circular under today's date, suspending the refunding operations to take effect December 31, 1900.

Manchester and Bride Cheered.

Belfast, Nov. 21.—The duke and duchess of Manchester arrived at Tanderagee Castle, Armagh, yesterday and were received with great rejoicings. Bontres blazes and illuminations were general. A large crowd cheered as the couple drove through the town and the duke thanked his tenants for their reception of his bride. The duke and duchess will go to India and Japan from the United States.

A Young Woman Murdered.

Rochester, N. Y., Nov. 21.—Miss Theresa Keating, a highly respected young woman, was found murdered in a vacant lot off Davis street, near the intersection of the tracks at the Phillips. She had been robbed of her money and other goods.

Found Dead.

Lexington, Ky., Nov. 21.—Charles S. Mink, aged 35, a prominent merchant of this city, was found dead on his rear porch early today. He had been shot, but whether by himself or by another is not known.

Lipton Gazetted Honorary Colonel.

London, Nov. 21.—Sir Thomas Lipton has been gazetted as honorary colonel of the Second volunteer battalion of the Highland Light Infantry.

RETURN OF VOLUNTEERS.

Intention of War Department to Return Them by July 1.

Washington, Nov. 21.—Adjutant General Corbin authorizes the statement that it is the intention of the war department to bring home from the Philippines to the United States every one of the volunteers who came to come, and discharge them here, on or before the first of July next when, under the law, the volunteers must be mustered

RAILROAD PROMOTERS IN THE CITY

Senator W. A. Clark and Other Prominent Financiers to Sign Articles of Incorporation of the Los Angeles & Salt Lake Railroad.

One of the most important railroad meetings that has been held in Utah will take place at the Knutsford this evening, when the promoters of the proposed line through to Los Angeles will meet together to make final plans before the filing of the articles of incorporation of the new Los Angeles & Salt Lake Railroad company.

The papers upon which Messrs. T. E. Gibbon and C. O. Whittemore have been spending considerable time during the past ten days are now ready, and all that is needed is for the promoters to get to sign the same, and the big company with its capital of a score of millions of dollars will be an accomplished fact.

The project will be discussed tonight in all its phases and possibly there may be some modifications in the original papers, but one thing is sure, and the "News" has it from good authority, that the various papers and contracts will be signed tomorrow forenoon. At the same time it is on the books that the articles may be filed and the list of directors duly made public.

The promoters of the company have received what they asked to the extent

that the City Council has vacated Pioneer square, and the next step after the filing of the articles will be the deed over of the valuable piece of property to the company under the conditions already published.

Sensor W. A. Clark, accompanied by his brother, J. Ross Clark, arrived in this city from Butte this forenoon, and immediately due to the Knutsford. Hon. R. C. Kerens, George B. Leighton, S. A. Bernis, and possibly some others, are scheduled to arrive this afternoon on the overland limited, which is late coming to the stress of weather along the line. When these gentlemen get together they will review the situation and take final action upon the matter, which is of so vital interest to the citizens of Utah and the intermountain region generally.

Sensor Clark, up to this time, has done no talking for publication. As a friend of his stated at the Knutsford this afternoon, "He is not in the habit of reporters." Consequently, when approached this morning by one of our fraternity with the request that he furnish an expression upon the all-absorbing project, for publication, Senator Clark said, "I have absolutely no time to see anyone at all this morning," and the door of parlor B swung to on its hinges.

NO CAUSE OF ACTION.

J. W. Farrell Nonsuited in Case Against the City and County.

When the "News" report of the case of J. W. Farrell against Salt Lake City and county closed yesterday, a motion for non-suit was in course of argument. After hearing arguments pro and con Judge Cherry granted the motion on the ground that C. P. Mason, to whom Mr. Farrell had assigned his claim against the defendants, had accepted the amounts of the original contract, \$11,500 in all, and that the plaintiff had consented thereto. The court held that Farrell had no cause of action. The action was to recover \$6,000, alleged to be due for extras on the contract for putting in the electric wires in the City and County building.

Probate Matters.

The following orders in probate have been made by Deputy Clerk George E. Blair:

Estate of Fredonia Himmah, deceased. Order made for sale of personal property.

Estate of James Bullock, deceased. Will admitted to probate and Elber Case appointed executor, to act without bonds.

HAD TWO NAMES.

Man Who Died in Elk Saloon at Ogden Saturday Night.

[SPECIAL TO THE "NEWS."] Ogden, Nov. 21.—Today a horse and light spring wagon belonging to the man who died in the Elk saloon last Saturday night. Among other things found were some receipts issued to "Mr. Hubbard," indicating that "Hubbard" must also have been known by that name. The receipts were given by a jeweler at Collinston, Utah. The body of O'Brien or Hubbard remains at Larkin's morgue in the hope someone may come along who can identify it positively.

JOSHUA WILLIAMS DEAD.

[SPECIAL TO THE "NEWS."] Ogden, Nov. 21.—Joshua Williams, an old-time resident of this town, died at his residence on First street this morning. The deceased was well known by almost every citizen and was universally respected by all.

LATE LOCAL NEWS.

High Council tonight.

The Tabernacle choir members are all wanted at rehearsal on Thursday night. The bonds of the absconding P. J. Conway were declared forfeited today.

A marriage license has been issued.

to Delbert C. Carman, 25, and Mary E. Harris, 26, both of Salt Lake.

Mayor Thompson today approved

the appropriation list passed at last evening's Council; also the department payrolls, which, it is expected, will be discharged by Treasurer Morris tomorrow.

CANVASS IN SALT LAKE COUNTY.

The result of the official canvass in Salt Lake county will be declared tomorrow, Thursday, and certificates will issue immediately thereafter to the successful candidates. On Monday, the "News" gave the full return in the city by precincts, and on Tuesday stated the results shown at the conclusion of the canvass Monday night. Here is the detailed vote, the aggregate in the county being added to the city's figures:

| Candidates. | Total in City. | Total in County. | Grand Total. | Plurality. |
|--|----------------|------------------|--------------|-------------|
| Presidential Electors. | | | | |
